

Think Green® on Thanksgiving

HAPPY THANKSGIVING From Waste Management

On behalf of the entire Waste Management team, we Thank You for choosing us as your Environmental Services provider.

We are Thankful to have the opportunity to serve your community!

FOOD FOR THOUGHT

Did you know each year at least 28 billion pounds of food is wasted? That is more than 100 pounds per person. Imagine how many homeless people we could feed. This Thanksgiving plan ahead for the meal and practice portion control to reduce waste.

- If you anticipate a large crowd, buy food in bulk to reduce packaging waste and save money.
- Bring your own reusable shopping bags to the grocery store.
- If you use disposable or non-disposable material, buy them made from recycled or compostable material.
- Place easily identifiable recycling containers out for your guests.
- If you have too many leftovers, deliver to a local shelter or a neighbor in need.
- At the end of your meal, remember to compost or recycle.

GETTING BACK TO BASICS

Whether you are celebrating at your home or with family and friends, encourage guests to recycle. By recycling often and right, you will significantly reduce the number of times you have to take out the garbage, as well as the amount of garbage sent to the landfill.

WHY recycle?

Plastic bottles
can turn into clothing

Aluminum cans
can turn into new ones in 60 days

Today's news
can become a new cereal box

How to recycle:

Recycle all bottles, cans and paper

Keep items clean and dry

No plastic bags

**RECYCLE OFTEN.
RECYCLE RIGHT.**
