Vehicle License Plate Number _____ Vehicle

Color _____

K Sticker Number _____

Numbered K Stickers are required for entry of all vehicles and boat trailers into Kingwood Service Association parks. K Stickers are for resident members of Kingwood Service Association only. All vehicles and trailers without a numbered K Sticker properly attached will be subject to towing at the owner's expense.

Each sticker is registered to a single vehicle or trailer and cannot be used on another vehicle or trailer. Proof of vehicle and trailer registration and insurance is required. It is prohibited for stickers to be sold or given to another.

The sticker can be applied only once. The sticker will shred with any repositioning or removal and is not reusable. A vehicle and/or trailer with a damaged sticker will be subject to towing at the owner's expense. All stickers must remain visible on the vehicle and/or trailer or they are subject to towing at the owner's expense.

For Vehicles: Peel the backing and carefully place the sticker on the driver's side of the vehicle rear window. That is the recommended and preferred location. The left side of the rear bumper is an alternate location. Mounting the sticker inside the vehicle is prohibited and the vehicle will be subject to towing at the owner's expense. *******Stickers must be visible on the lower driver's side rear window or rear bumper.*******

I have read and agree to the above terms and conditions for K sticker issuance.
